**HARRISON COUNTY, MISSISSIPPI
JOB DESCRIPTION**

JOB TITLE: GIS Analyst

DEPARTMENT: Geospatial Information Services **FLSA STATUS:** Non- Exempt

REPORTS TO: GIS Director **POSITION CODE:** 8810

MAINTENANCE REVIEW DATE: 9/18/2024 **CLOSING DATE:** 10/11/2024

This job description should not be interpreted as all-inclusive. It is intended to identify the essential functions and minimum qualifications of this job. The incumbent(s) may be required to perform job-related responsibilities and tasks other than those stated in this job description. Nothing in this job description restricts management's right to assign or reassign job-related responsibilities and tasks to this job at any time. Certain functions are understood to be essential; these include, but are not limited to: attendance, getting along with others, working a full shift, and dealing with and working under stress. Any essential function of this class will be evaluated as necessary. Should an incumbent/applicant be unable to perform the essential function or requirement due to a disability as defined by the Americans with Disabilities Act (ADA), reasonable accommodation for the specific disability will be made for the incumbent/applicant when possible.

JOB OBJECTIVE: Create, analyze and update geospatial and/or situational data sets, prepare paper or digital/online maps and assist with maintaining databases in support of numerous GIS-reliant departments within Harrison County.

ESSENTIAL JOB FUNCTIONS:

1. Create, update and maintain geospatial data.
2. Create quality map products that cater to the end user's needs.
3. Perform geospatial analyses with GIS.
4. Assist with developing, updating and improving the county's GIS online presence and user experience.
5. Document and share your GIS workflows, monthly project lists and procedures for reference, training opportunities, departmental coordination, and future replication.
6. Provide software support and troubleshooting for GIS users in other county departments.
7. Provide GIS services and assistance to all Harrison County customers, both internal and external.
8. Assist with any new spatial data and integration of these data into the organization's GIS as needed.
9. Continue geospatial education and training to enhance and advance one's current comprehension and capabilities.

SECONDARY DUTIES AND RESPONSIBILITIES:

1. Set up individual mapping software and ensure proper procedures are adhered to in order to maintain flow of data and maximize efficiency.
2. Maintain GIS data and updates for the Harrison County Sheriff's Department and coordinate with Sheriff and 911 Dispatch for any updates.
3. Assist Harrison County EMA's Planning Section with emergency preparation, response and recovery activities. May require extra work hours beyond the routine schedule.
4. Monitor/assist with software, data, and editing environment for the Tax Assessor's Office mapping department.
5. Look for opportunities to integrate GIS within other Harrison County departments to enhance workflows.
6. Monitor common maps and supply inventory, as well as department plotter & printer supplies.
7. Other related duties, as required.

SUPERVISORY RESPONSIBILITIES:

None

REQUIRED KNOWLEDGE, SKILLS, AND ABILITIES:

- Functional and independent working knowledge of ESRI GIS Software (ArcGIS Desktop, ArcGIS Online, ArcGIS Pro, etc.) as well as basic database management.
- Willing to establish and maintain courteous and professional working relationships with county departments.
- Ability to work independently as well as with others.
- Ability to think through problems and come up with a solution on your own, and know when to ask for help.
- Willing to take initiative and multi-task as needed.
- Basic knowledge of 'best practices' principles as related to GIS, as well as being aware of and promoting county, state, and national GIS data standards.
- Willing to design, and document your GIS workflows used within the department.
- Willing to troubleshoot and diagnose issues with the county's GIS software (or willing to learn).
- Skilled in understanding and working with quality assurance/quality control procedures.

EDUCATION AND EXPERIENCE REQUIRED:

- A bachelor's degree or certification in GIS, Physical/Human Geography, or related field.
- At least two (2) years of work (or school) experience with GIS or similar field.
- Any suitable combination of education and experience.

ADDITIONAL REQUIREMENTS:

- Must possess a valid Mississippi Driver's License before employment and maintain licensure for duration of employment in this position.

SALARY RANGE:
\$40,000 - \$45,000/year

OTHER INFO:

This job typically has a Monday through Friday, 8:00 AM to 5:00 PM work schedule.

PHYSICAL REQUIREMENTS:

The physical activities marked below are representative of those that will be required on a regular basis to successfully perform the essential functions of this job. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.
